

# COVID Procedures and Resources at PCATT

PCATT is committed to ensuring the health and safety of our students, visitors, and employees.

COVID guidelines are changing as the pandemic evolves. It is best to consult the official University of Hawaii website for current information.

## The following are answers to questions you may have:

- **What is PCATT doing to keep me safe?**

Most courses have been adapted for distance learning. For courses which involve on-campus sessions, we require all participants including instructors to follow COVID guidelines. As of this writing on September 30, 2022, face coverings are required in confined spaces and indoor crowded spaces. Enrollment is limited to allow for social distancing in the classrooms. Hand sanitizer and cleaning products are provided. Participants will be reminded to follow CDC guidelines to protect yourself and others. Specific instructions will be emailed to participants before the course begins as needed.

- **Two things to do before coming to campus**

- If you're not feeling well, stay home and let our office know you are not attending class.

- Review current mask requirements.
